State Topic is boosting Gov. Colquitt for a third term. The Register would be glad to see all the other candidates get out of the way and leave the track clear for Colquitt and Bob Milner, for they severally represent opposite sides of the live issue in Texas politics. Such a race would attract world-wide interest.—East Texas Register.

Of course such a race would create wide interest so far as the campaign itself was concerned, but not the result. The result would be a foregone conclusion and would be about like what happened to Resolution 18, which was championed by Gov. Colquitt and opposed by Col. Milner.

The electrification of the Bryan-College interurban is a matter of great importance to the citizens of Bryan and to the College. The importance of this line of transportation demands a better service than was given during the past session, or than is capable of being given with the present equipment. It was announced during the past session of the College that the road would be electrified during this summer, and the people are anxiously awaiting the inauguration of the work.

"The overwhelming defeat of 'resolution 18' demonstrates two things: First, that the people of Texas will not surrender to the legislature the power to issue bonds; second, that the people of Texas are opposed to the merging of A. and M. College into the State University and are determined that it shall be maintained as an independent institution. This shows how eminently well qualified the people of Texas are to safeguard their own interests."—East Texas Register.

One by one the building fronts on Main street are being remodeled and modern awnings are taking the place of the old, irregular and uneven awnings that have been in use for many years. The Eagle has long advocated a change to modern uniform awnings and it is being gradually accomplished. When completed it will add very greatly to the sightliness of the street.

It is argued that the Southern States Cotton Corporation cannot make cotton bring 15 cents unless they can get a sufficient number of sales contracted to control the market. The Eagle has been under the impression all along that it was a violation of law to control the cotton market, as

evidenced by the indictments against Brown, Scales and others who tried it a year or two ago.

A large number of former citizens of Brazos county are taking advantage of the Farmers' Congress to make it serve a double purpose. They come for the benefits of the congress primarily, and secondarily to visit their old homes and old friends. It is always an occasion of great rejoicing for them and the annual occasions are looked forward to with much pleasure.

Gov. Colquitt and Col. Jacob Wolters have come to the parting of the ways, and parted. It was reported to Col. Wolters that Gov. Colquitt referred to him and other distinguished Texans as "hotel politicians," at which Col. Jake took umbrage and duly surrendered his commission as a colonel on the governor's staff.

Brazos county farmers are selling in Bryan a large amount of diversified products of their farms, such as vegetables, fruits, melons, cantaloupes, potatoes, butter, milk, chickens, turkeys, eggs, etc., and are getting good prices for them. They find this to be the most profitable part of their farming operations, all things considered.

Galveston is the autoists' mecca this week, the occasion being the auto races on the beach for Monday, Tuesday and Wednesday. A perfect stream of autos from middle and north Texas, and from other states, headed south, has been passing through Bryan for several days.

Postmaster General Burleson will make an important change in the parcel post regulations effective August 15th. The change admits packages up to twenty pounds in weight and reduces the rate in the first and second zones.

Former United States Senator J. W. Bailey has again found it necessary to announce that he is not a candidate for any office within the gift of the people. The latest rumor was that he was a candidate for governor of Texas.

The East Texas Register gets in dead earnest in discussing incorporation and sanitary conditions. It says: "If Carthage doesn't incorporate it will soon be the same old alleys with the same old smell, with flies, mosquitoes and sickness—oh, hell!"

Ambassador Henry Lane Wilson persists that he will return to Mexico, but all the circumstances indicate that he is like the fellow who established a little paper out west and announced, "We have come to stay."

The action of the Mexican federal troops in shooting an official of the United States looks like they are trying to "start something," as it is called in the vernacular of the day.

Cone Johnson's proposition for state-wide prohibition on everything except light wines and beer might call forth the remark from some iconoclast that it is a brewer's movement.

Other cities in Texas are anxious for a connection with the great natural gas field at Mexia. The Bryan city council did not seem to view such a proposition with much favor.

TEXAS FARMERS' CONGRESS CONVENED TODAY

(Continued from Page 1)

their friends at the A. and M. College. T. W. Larkin, secretary, is confined to his home at Beaumont on account of illness, but will be here tomorrow. L. H. Scholl of New Braunfels is acting secretary.

The farmers have accepted the invitation of Bryan citizens to be the guests of automobile owners on Tuesday for an inspection trip of the college and Bryan but as yet the hour has not been determined.

The program for tonight's session is:

"Vanishing Wild Life," H. P. Attwater, Houston.

"The Sunbonnet Woman," Miss Irma Matthews, Oklahoma City.

"Conservation of Women on the Farm," Dr. Mary E. Gearhart, Austin.

"Seven Years of Investigation to Determine the Seven Best Varieties of Corn for Texas," D. A. Saunders, Greenville.

"Motor Power on the Farm," Judge L. Gough, Crosbyton.

Alumni and Friends Meet.

At a meeting of the alumni and friends of the A. and M. College at the College this morning resolutions asking for separation from the University of Texas and an equitable division of the University endowment fund were adopted. Another resolution protested against the contemplated legislation on the part of the governor which would render possible the mortgaging of University property.

W. A. Bowen was chairman and C. B. Metcalfe secretary of the meeting.

The following were appointed members of a committee to form the nucleus of an organization to inaugurate a state-wide campaign to secure the desired results as indicated in the resolutions. This committee will make its report at a meeting in Dallas.

Members are W. A. Bowen, Arlington, chairman; E. B. Cushing, Houston; C. B. Metcalfe, San Angelo; Joe Utay, Dallas; Walter Wiprecht, Bryan, and P. L. Downs, Temple.

The resolutions follow:

Resolved, that we pledge ourselves to do all in our power to procure the absolute separation of the A. and M. College of Texas located in Brazos county from the University of Texas, and we demand an equal division of the land and endowment fund of the University of Texas, and we will give our strongest efforts to secure adequate support for all educational and other state institutions.

Resolved, further, that we oppose, and urge our legislators not to consent in advance of the separation of these institutions to any arrangement, temporary or otherwise, wherein the University land or proceeds thereof, be mortgaged, encumbered, hypothecated or bonded.

Resolved: We favor the sale of all land now belonging to the permanent endowment fund of the University of Texas to actual settlers as the legislature may deem practicable and advisable; and that the legislature be authorized to use any part of the proceeds of the sale thereof for the erection of buildings for the University and for the A. and M. College at College Station in the proportion as their respective interest may be determined.

Some of the Prominent Visitors.

Chas. B. Metcalfe of San Angelo arrived yesterday afternoon and is shaking hands with friends in Bryan and A. and M. College.

Hon. Wm. A. Bowen, editor of the Farm & Fireside of Arlington, arrived in Bryan yesterday and attended the opening session of congress this morning and a meeting of the friends of education at 10 o'clock in the C. E. building. Owing to an engagement elsewhere Mr. Bowen was compelled to leave during the afternoon.

E. B. Cushing, president of the board of directors of the A. and M. College, is at College attending the general meetings of Farmers' Congress and meeting his many friends from over the state.

Joe Utay, former captain of A. and M. football team, and a graduate of the A. and M. College, is on the campus meeting old friends and attending the congress.

Edward W. Knox of San Antonio and president of the Farmers' Congress, was present this morning and opened the general sessions of the congress. Mr. Knox is a warm friend of the A. and M. College.

Hon. A. M. Kennedy of Kerrville was in Bryan today greeting friends and went out to A. and M. where the Farmers' Congress is in session.

Hon. E. L. Downs of Temple arrived in Bryan Sunday to attend the meetings at the Farmers' Congress. He is a member of the governing board of the state experiment station and a strong friend of the college. Mr. Downs is greeted at his home as "Farmer Downs" and is known over the state as "Banker Downs."

Among other prominent arrivals at college are the following gentlemen who are members of the executive committee of the Farmers' Congress: J. M. Ramsey, Austin; H. E. Singleton, McKinney; Geo. A. Smith, Beaumont; Louis H. Scholl, New Braunfels; T. P. Robinson, Bartlett; Mrs. Benigna G. Kulb, Bellaire; Fritz Englehardt, Eagle Lake; T. T. Boone, Mexia, and W. P. Yearly, Farmersville.

SENATOR BAILEY NOT COMING TO TEXAS

Press of Business Matters Will Prevent His Filling Speaking Dates at Greenville and Pilot Point.

[By Associated Press.]

Pilot Point, Texas, July 28.—Senator Joseph W. Bailey has written friends here that he will be unable to come to Texas in August or in the immediate future, owing to press of business. Senator Bailey had been expected to speak at Greenville on August 8th during the Confederate Veterans' reunion, also here during the old settlers' reunion. "If it were a matter of a fee, I would feel disposed to forego it, but there is an obligation to do my clients' work, therefore I must remain here," wrote the senator.

FUNERAL OF OSCAR MARTIN.

The remains of Oscar Martin arrived on the noon train yesterday from Houston, and were laid to rest in the Alexander cemetery this morning at 11 o'clock. The funeral was held from the home of Mr. and Mrs. Paul Dansby in this city, the funeral procession leaving at 9:30. The services were conducted by Rev. Beatty of Wheelock.

Mr. Martin was 24 years of age and was born at Eagle Lake. He was married at Trinity, Texas, three weeks ago to Miss Lucile Haven.

Mr. Martin died suddenly Saturday in the Avondale hotel in Houston. The suicide theory which was mentioned in Saturday's Eagle is now disbelieved. Mr. Martin was seized with convulsions and repeatedly stated that he had been poisoned by his best friend. The police of Houston are working on the case and it is expected that developments will follow the post mortem examinations. Dr. and Mrs. G. C. Haven of Trinity and their 17-year-old daughter, now a widow, and Mr. Luther Hall, an uncle of Mr. Oscar Martin, all of Trinity, attended the funeral.

TO ENTERTAIN FARMERS' CONGRESS

All Autos in the County Urged to Assist in This Work.

The committee having secured the privilege to entertain the visitors to Farmers' Congress tomorrow afternoon from 4 to 6 o'clock requests The Eagle to earnestly urge every auto owner in the county to meet at the Commercial Club rooms at 3 o'clock sharp tomorrow (Tuesday) and go together to college and make the trip from that point.

The start will be made from the mess hall at 4 o'clock, through the experiment station farms to the breeding and feeding station, thence to town by the Bryan Baptist Academy, to Villa Maria Academy, back to Allen Academy and to Carnegie library at 5 o'clock, where a rest and "get acquainted" meeting will be held. At this point the citizens of Bryan, including business men, pastors, priests, laymen and all others, including the ladies, are urged to meet the visitors and escort them to the picture shows and show them other courtesies during the hour. Free tickets will be furnished for the picture shows from 5 to 6 o'clock.

At 6 o'clock the trip will be made back to college in time for supper at 6:30.

In undertaking this trip it is absolutely necessary for every auto owner to lend his assistance to the end that the reception be made a great success.

NEW ORLEANS STEAMER WENT ON ROCKS

[By Associated Press.]

New York, July 28.—The steamer Chalmers, bound from New Orleans for New York, went ashore during the night on the New Jersey coast off Barnegat. A tug went to her aid in response to a wireless call.

OFFICIALS HELD AT PIEDRAS NEGRAS

[By Associated Press.]

Eagle Pass, Texas, July 28.—Twelve civil prisoners are held at Piedras Negras under a death penalty for sedition. They include the chief officials of Nadaduroh.

POLITICS AND POLITICIANS

Lobby probe reporters are writing it Col. Mulhau.

Uncle Sam will abandon patrol for icebergs off Grand Banks of Newfoundland unless nations share the cost.

The most optimistic reports from China declare that a revolution can not be more than a few months away.

The failure of state legislatures to provide methods for direct vote by the people will cause many complications in electing senators for terms beginning March 3, 1915, it is said.

The rule of three has proved true in the troubles of cabinet members. Attorney General Reynolds has been criticized in the California white slave cases; Secretary Bryan about his lectures; and now Secretary Daniels by the Socialists of California.

So quickly has the public taken to the new facilities offered by the parcels post that the postmaster general declares that within fifteen or twenty years the postoffice will be carrying packages weighing up to 100 pounds and doing practically all the parcels post business of the country.

BRYAN EXCHANGE ELECTS OFFICERS

The members of the Bryan Cotton Exchange met at 10 o'clock this morning and the following officers were elected: W. E. Saunders, president; J. M. Lawrence, vice president; A. K. Brown, secretary-treasurer. Owing to the probability of the early opening of the cotton season in Bryan, the date of the opening of the cotton office to receive wire reports from the New York and New Orleans Cotton Exchanges was moved up from August 11 to August 4.

The meeting adjourned to meet at 10 o'clock next Monday morning, when very important business will be transacted, and every member is urged to be present.

COMMERCIAL CLUB MEETING.

There will be an important meeting of the Commercial Club tomorrow (Tuesday) morning at 9 o'clock. All members of the club are urged to be present. L. L. McNelis, Pres.

Toledo, O., July 28.—The largest fleet of motor boats ever assembled is gathered here for the Perry centennial celebration regatta. The program includes twenty-four events on the Maumee river and Put-in-bay. The prizes aggregate \$10,000.

A Sealy Tuftless Mattress

They are conducive to health, prolong life and perpetuate happiness. There is no substitute. Demand it—get it—and you are sure of mattress perfection.

Phone 164

W. T. James

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.
